

2014 IPA Annual Report

IPA is all about leverage. 2014 was focused on bringing in more talented people and more extraordinary partners to leverage existing resources for more impact on the world. Together with our partners, IPA has designed and evaluated more than 275 potential solutions to poverty problems, and has over 245 studies in progress. This performance is a testament to the dedication of IPA staff, both on the ground in the field and in our headquarters, our implementing partners and researchers, the decision-makers who help put our findings to work, and our funders.
